Reclaiming Diplomacy in a Fragmented World

Who are we?

Antalya Diplomacy Forum is a high-level gathering of professionals who deal with diplomacy such as political leaders, diplomats, opinion makers or academics.

Diplomacy remains the core method of communication among leaders and states.

It constitutes a unique platform for regional and global actors from the spheres of diplomacy, policy and business to exchange ideas and address international challenges.

“Reclaiming Diplomacy in a Fragmented World”

The 4th edition of the Antalya Diplomacy Forum (ADF2025), hosted by the Ministry of Foreign Affairs of the Republic of Türkiye, under the auspices of H.E. President Recep Tayyip Erdoğan, will take place on 11-13 April 2025, in Antalya, Türkiye. This year’s theme “Reclaiming Diplomacy in a Fragmented World” reflects the pressing need for diplomacy to reassert itself as a stabilizing force, amid rising global divisions.

Growing geopolitical rifts, deepening global inequalities, surge in violence targeting civilians, intolerance towards divergent views, uncertainties driven by technological disruptions and multidimensional impact of climate crisis have all shaken common sense of justice and eroded trust in international institutions. The inability of the current international system to find solutions to these contemporary challenges has further strained the already struggling cooperation efforts.

In an era of heightened instability and unpredictability, marked by complex challenges and multiple crises, the Antalya Diplomacy Forum aims to evaluate the systemic problems of the multilateral order and foster dialogue on reclaiming diplomacy in a rapidly evolving international environment.

“Reclaiming Diplomacy in a Fragmented World”

The Antalya Diplomacy Forum will gather global leaders, policymakers, academics, business experts and as well as representatives of media and civil society to explore how diplomacy can turn the tide and navigate us through a fragmented world to find a common ground for collective action.

The Forum aims to inspire dialogue to redefine the role and core principles of diplomacy in an increasingly polarized atmosphere. By discussing root causes of various problems, the Forum will encourage policymakers to reconsider how diplomacy can manage these turbulent times, with a focus on innovative tools for conflict resolution, mediation strategies and regional cooperation mechanisms. To help create a more effective and cohesive international system, the Forum will look for new solutions to address the failures of global governance, by examining the dysfunction and lack of trust in international organisations.
