“Mapping Tomorrow, Managing Uncertainties”

The 5th edition of the Antalya Diplomacy Forum (ADF2026), hosted by the Ministry of Foreign Affairs of the Republic of Türkiye, under the auspices of H.E. President Recep Tayyip Erdoğan, will take place on 17-19 April 2026, in Antalya, Türkiye.

In the face of geopolitical tensions, shifting balances of power, rising trade barriers and mounting pressure on multilateralism, the current global landscape is marked by increasing unpredictability.

This year's theme "Mapping Tomorrow, Managing Uncertainties" emphasizes the importance of anticipating and addressing emerging issues to be able to shape a better future. The theme underscores the need to stay ahead of future developments by identifying risks and opportunities, developing strategies and turning insights into action.

As conflicts remain unresolved, polarization grows and strategic rivalries expand, numerous critical issues continue to affect people all over the world. In order to address these challenges and work towards a more inclusive, fair and effective international system, the consolidation of international cooperation, dialogue and solidarity is imperative.

“Mapping Tomorrow, Managing Uncertainties”

ADF2026 will bring together leaders, policymakers, diplomats, academics, business experts, media and civil society representatives to explore how to best manage uncertainties and address pressing issues while preparing for future challenges. Through keynote addresses, panel discussions and interactive sessions as well as bilateral meetings, the participants will discuss global trends and regional dynamics, exchange views on possible solutions and share best practices.

The Forum will once again provide a valuable platform for fostering dialogue, restoring trust and engaging in stronger cooperation; mapping the path forward to a more peaceful, stable and resilient world for future generations.
